## Bio

National Award Winning Actress/Producer Rene Michelle Aranda, best-known for her active involvement with international distribution company Plus Entertainment, was born in Southern California on December 6, 1990. Her pursuit of an Entertainment Industry career began when she took her first theater classes at Robert O. Townsend Junior High School in Chino Hills, California at the age of 13. She graduated high school with over a dozen awards from the school's drama department, including the first Lifetime Achievement Award in the history of the school's program and moved to Los Angeles to attend the 3-year, audition-only LACC Theatre Academy the fall following her graduation in 2009. During her attendance there, she won national recognition and was presented with "Outstanding Performance by an Actress" at the John F. Kennedy for the Performing Arts Center in Washington D.C. in February of 2012 for her role as Willie The Space Freak in Sam Shepard's The Unseen Hand. There were only two recipients of this first annual award, nationwide.

She founded her own production company, Starpark Studios, in 2008 and made it an LLC in 2013.
